

Enclosed is an application for an equipment support.

To qualify for Adaptive Equipment Connection Program:

- The applicant must be a resident of Stearns, Benton, or Sherburne county and be diagnosed as having a recognized disability.
- Complete the application. Please answer all the questions to avoid delays.
- Include detailed information about the equipment. Include a photo or website for complete information.
- Include contact information for the professional that is recommending the equipment

When will I hear a decision: Your request will be reviewed by our Adaptive Equipment Connection Program Committee during their next meeting on the third Wednesday of each month. You will be notified shortly thereafter.

What will not be approved: The committee will **not** approve requests for equipment that has already been purchased (this includes credit card purchases). If you are looking at something on the Internet that may be time sensitive, please contact ConnectAbility of MN at 320-253-0765

What are financial considerations:

- There is a \$1000 limit per request.
- You will be expected to contribute 10-20% of the total cost. (amount will be determined by the Adaptive Equipment Connection Program Committee)
- ConnectAbility of MN will make a check out to the supplier only, not to the applicant.

Grant Funding Requirements:

- A signature is required for receipt of the equipment
- A photo of the recipient with the equipment is requested
- The item can not be sold, it can be donated to another family or donated back to ConnectAbility of MN to be included in our Donated Equipment Program.

If you have any questions while completing this form, please call me.
