Transportation options- share what the community currently has for transportation, ask if there are others we are not aware of.

Transportation barriers- share what barriers there are

Who this affects- share who in their own community are affected by limited or no transportation.

Solution- share how everyone can be part of the solution

- Sign up to be a driver, share the information, be a rider. Share what this could look like.
- Lyft- as a driver- set your own schedule, get paid directly to your bank account, only accept rides you want to. Ability to only provide rides you prearrange.
- Rider- having a friend and neighbor able to bring you to the store, appointments, family functions, community events. You know the cost of the ride before you request it.
- Share the information to everyone. You never know who this will resonate with.

What questions do you have?

Our ask- Help your own neighbors in your own community have the freedom to live a full and rich life. Don't let transportation be the barrier that keeps some one home bound. Decide today to help.
